

Szymon Dolnik

Junior Front-end Developer

Future fullstack developer, mainly focusing on front-end development right now. Currently learning React.js and continuously developing JavaScript skills. Familiar with Responsive Web Design and Mobile first approach. Always feeling thirst for knowledge.

Work Experience

Courier

Poczta Polska

June 2020 - August 2021

I was responsible for area takeovers. I had to figure out how to set my route for the whole day. I find it really hard, as you have to do it in an area that you're not familiar with. Almost every month following June I had to prepare new people for work in the area We were currently taking over.

- Teaching new people
- Customer service
- Package delivery
- Taking care of entrusted equipment

Courier

Global Logistics System (GLS)

September 2018 - June 2020

- Customer service
- Taking care of entrusted equipment
- Package delivery

Education

Logistics technician

ZS2 im. Wojciecha Korfantego w Jastrzębiu-Zdroju

2014 - 2018
